

## HEALTH & SAFETY IN YOUR WORKPLACE: Addressing Priority Hazards for Health Care and Community Care Sector

*Health and safety is important for every workplace and preventing work-related illnesses and injuries associated with high-risk hazards should be a priority. In addition, all businesses, regardless of size, must ensure that they are aware of, and in compliance with, the Occupational Health and Safety Act.*

Now, to help you and your organization create a culture of safety and to prepare for potential 2013 Ministry of Labour inspector blitzes, Public Services Health & Safety Association (PSHSA) & Safe Management Group are offering a series of training sessions in 10 locations across the province as part of our **Health & Safety In Your Workplace: Addressing Priority Hazards for the Health and Community Care Sector**. Designed to educate and assist you in developing sustainable prevention programs, these full and half day workshops cover a number of different topics including:

1. A Participatory Approach to MSD Prevention (MSD)
2. Client Handling Program Enhancement (CHPE)
3. Manual Material Handling (MMH)
4. A Participatory Approach to Slip/Trip/Fall Prevention (STF)
5. Infection Prevention and Control (IPC)
6. **Taking Assertive Action: Workplace Violence – complying with Bill 168 (TAA)**

Everyone has the right to know that they will return home safely at the end of the workday. Let us help you and your organization make health and safety a priority.

**Who should attend:** managers, supervisors and workers in the Health and Community Care Sector, Joint Health and Safety Committee members, health and safety specialists, occupational health nurses.

**Cost: Only \$20 per person**
